

Your next gen IOT partner

To be the preferred technological and engineering solutions & service provider to our esteemed clients, and to work closely with them to create value and prosperity for our stakeholders.

- 📍 Realtime Tracking
- 📍 Embedded sim for multi network switching
- 📍 Reverse polarity protection
- 📍 Online software upgradation
- 📍 Ignition status detection
- 📍 Playback Report
- 📍 IRNSS (Indian Regional Navigation Satellite System) Vehicle Tracking Device

To make the world a better place by incorporating technology to our daily lives

IRNSS VEHICLE TRACKING AND MONITORING SYSTEM

pauldea track irnss is an ais140 based intelligent vehicle tracking system approved by **ARAI** (automotive research association of india.)

Low Alarm

The device can be set to alert you whenever the vehicle is being towed, meaning that if its beng moved while the ignition is off.
